Please email James Dyson with workshop title in subject to: jamesdyson009@gmail.com

Booking is essential and spaces are limited

What will I learn about

You should gain an insight into traditional rural skills, learning about and using the specialist tools and techniques for safely laying Devon hedges and coppicing small woodland within the **Sherford Country Park**.

Learn these skills and help to renovate these historic and valued features on your doorstep!

If you have any questions, please email James who is our skilled instructor.

Details about attending the workshops will be shared once you have successfully booked.

Come and work with Friends of Sherford Country Park

Working in the open air is great for your mental and physical health.

So, if you would like to boost your well-being and working as part of your local community, please come and join us?
